Education

JSS Academy of Technical Education

Bachelor of Technology, IT

2021 - 2025

CGPA 7.42

Saxena Inter College

Secondary Education (UP)

2020 Passout

Technical Skills

Languages: C/C++, HTML/PUG, CSS/SCSS, JavaScript/Typescript, SQL, MySQL

Frontend: React.js, Next.js, Redux, Redux Toolkit, Tailwind CSS, Material UI, Bootstrap

Backend: Node.js, Express.js, MongoDB

Tools: GitHub, Visual Studio Code, MongoDB Compass, Postman, Alan AI, Stripe, MapBox, Sanity, SendGrid, Clerk, Appwrite, Shadcn

Projects

HealthCare Management System - [LINK](#) [Github](#) | *Next.js, Twilio, TypeScript, Appwrite, TailwindCSS* July 2024

- Developed a Next.js application for seamless **patient appointment management**, featuring intuitive admin tools for efficient scheduling and tracking.
- Implemented automated SMS notifications, improving patient communication and reducing no-show rates, leading to a **20% increase in appointment confirmations**.
- Enhanced operational **efficiency by 30%** through streamlined processes and robust data security measures, ensuring compliance with healthcare regulations.

EduBharat - [Github](#) | *React.js, Express.js, Node.js, Mongo DB, Razorpay, TailwindCSS* September 2023

- Developed a user-friendly eLearning website using the MERN stack, with a 40% enhancement in seamless navigation and responsive design.
- Improved the learning experience for students and educators, **increasing user engagement by 25%**.

FILMPIRE - [LINK](#) [Github](#) | *React.js, Redux Toolkit, Material UI, Alan AI*, April 2023

- Built a feature-rich movie application using React.js, Redux, Material UI, and Alan AI.
- Increased user **engagement by 35% and satisfaction by 20%** through an innovative in app voice assistant for Filmpire.

E-Commerce Website - [LINK](#) [Github](#) | *Next.js, Stripe, Sanity, Context API* February 2023

- Implemented a robust shopping cart and secure checkout system that improved transaction success rates **by 15%**, resulting in a smoother customer journey and increasing repeat purchase likelihood among returning users.
- Optimized product management processes with a **headless CMS (Sanity)** that facilitated real-time updates; this innovation led to a 30% increase in content accuracy across platforms, fostering greater customer trust and engagement.

Achievement

- Leetcode:** Max Rating **1891(Knight)**. Rated among **top 5%** worldwide. [Profile](#)
- Codechef:** Max Rating **1708(3 star)**. Ranked in the **top 131** in CodeChef Starters 115. [Profile](#)
- Codeforces:** Max Rating **1267(Pupil)**. [Profile](#)
- HackerRank:** **5-star** ranking on HackerRank. [Profile](#)
- Code360:** **Expert (Level 7)** with 250+ problems solved. [Profile](#)

Certificates

HackerRank - Intermediate Algorithmic Challenges Certification - [LINK](#) January 2024

- Successfully completed 60+ challenges on HackerRank, achieving an intermediate level in algorithmic techniques, which significantly strengthened overall programming proficiency.

The Complete Web Development Bootcamp - [LINK](#) May 2023

- Successfully completed a 65.5-hour **Web Development Bootcamp** on Udemy, further enhancing web development skills.

LinkedIn - React.js & Node.js Essential Training - [LINK](#) May 2023

- Completed the **React.js and Node.js Essential Training** courses on LinkedIn Learning, gaining foundational knowledge in building React applications and acquiring key skills in developing and managing server-side applications using Node.js.
